

# THOR

White / Black 35-46

## MODEL

Footwear specially designed for those working in the catering and food industries. The high-tech sole provides better grip and surpasses the most demanding industry standards on dry, wet, soapy and oily surfaces. Highest anti-slip category (SRC) specified by EN ISO 13287:2007. Furthermore, the toes and heels are reinforced for greater protection.

## FEATURES

### ANTISLIP:

Certified by TÜV in highest non-slip category (SRC) according to EN ISO 20347.

### NON-MARKING:

They leave no marks on floors.

### ACTIVE SAFETY:

Toes and heels protected by extra reinforcement for greater safety to meet professional demands.

### EASY-TO-CLEAN:

Hand-washable up to a maximum temperature of 50 degrees Celsius.

### PASSIVE SAFETY:

Unique design of openings to prevent the entry of liquids.

### HYGIENIC:

Can be sterilised with chlorine. Antibacterial and resistant to disagreeable odours.

### REFLEXOLOGY:

Specially-contoured to stimulate blood flow and circulation.

### CHEMICAL-RESISTANT:

Resistant to chemical products, chlorine and petroleum.

### BREATHABILITY:

The ports at the sides provide continual ventilation.

### RECYCLABLE:

Can be recycled in plastic designated containers.

### ANATOMICAL:

The X-cell™ material is highly adaptable to the shape of the feet.

### UNISEX:

Modern, sporty lines.

### ULTRA-LIGHT:

So light they float on water.

## MATERIALS

- Latex-free inert gas-filled closed-cell base of polyolefin rubber, ethylene, vinyl and acetate.
- Material free of toxic substances or substances harmful to health, according to studies by the TÜV institute in Germany.
- Complies with REACH standards.

## TECHNICAL SPECIFICATIONS

- Heat Resistance
  - Dry Heat: up to 50 degrees C
  - Wet Heat: up to 50 degrees C
- Slip Resistance: SRC
- Hydrocarbon Resistance: Excellent
- Dissolvent & Detergent Resistance: Excellent
- Lactic Acid Resistance: Excellent
- Blood Resistance: Excellent
- Atmospheric Chemical Resistance: Excellent
- Salt Water Resistance: Excellent
- Aging Resistance: Excellent
- Traction Resistance: Excellent
- Recyclable: Yes
